English
Khmer

About Me

Mobile Developer with 4+ years of experience delivering high-performance mobile and desktop applications across **Android**, **Windows**, and **iOS** using **Flutter** and **native development**. Proficient in **C# .NET Core** for backend API development, **UI/UX design** with **Figma**, integration with **payment gateways** and **delivery platforms** and **AI-assisted development** using tools like **ChatGPT**, **Gemini**, **Cortex**, and **DeepSeek**. Proven ability to lead projects end-to-end — from design to deployment — with a strong focus on performance, usability, and team collaboration.

Work Experience

May 2022 - present
T.O Group Co., LTD
Mobile Developer / Project Lead

- Led development of **cross-platform and native applications** for Android, Windows, and iOS.
- Built **custom UI/UX experiences** in Figma and transformed them into pixel-perfect Flutter implementations.
- Integrated **bank payment gateways** and **delivery APIs** for seamless order and transaction workflows.
- Implemented **real-time notifications** using Firebase and SignalR.
- Utilized **AI tools (ChatGPT, Gemini, DeepSeek)** to accelerate debugging, automate documentation, and generate code snippets.
- Managed project roadmaps, code reviews, and sprint planning with cross-functional teams.
- Mentored junior developers and provided code reviews to maintain coding standards.

JAN 2020 - APR 2022
CUBETIQ SOLUTION
Junior Mobile developer

- Supported **Flutter app development** for internal and client projects.
- Assisted in **UI/UX design** and basic backend implementation.
- Improved app performance and code stability through refactoring and testing.

May 2017 - FEB 2018
SETEC INSTITUTE
IT Room Assistant

- Provided technical support and troubleshooting for computer labs.
- Maintained hardware and network systems for daily operations.

To:
DURIAN LNN HIRING TEAM
HR MANAGER
Durian lnn
Phnom Penh, Cambodia

Dear Durian lnn Hiring Team,

I am excited to apply for the **Senior Android Developer** position at **Durian lnn**. With over four years of experience in **Flutter**, **.NET Core**, and **UI/UX design**, I've built and led cross-platform solutions for **Android**, **Windows**, and **iOS**, integrating complex systems such as **delivery and bank payment** platforms.

I'm also skilled in **native Android** and **Windows development** and leverage **AI tools** like ChatGPT, Gemini, and DeepSeek to enhance development speed, code quality, and automation.

I would love the opportunity to bring my technical and leadership experience to support **Durian lnn**'s digital growth.

Thank you for your time and consideration.

Best Regards,

cheavuthy
